

## Safety Data Sheet

### SECTION 1: IDENTIFICATION

**Product Identifier**

**Product Name:** MAGNESOL®, MAGNESOL® XL, OIL POLISHING POWDER

**Recommended Use of the Chemical and Restrictions on Use**

**Product Use:** Adsorbent, filter aid, flow agent

**Uses Advised Against:** None identified

**Supplier Information**

**Corporate Site:** Dallas Group of America, Inc.  
374 Route 22  
P.O. Box 489  
Whitehouse, NJ 08888  
USA  
Phone: +1 908-534-7800  
SDS@dallasgrp.com

**Production Sites:**

Dallas (Qingdao) Specialty  
Adsorbents Co., Ltd.  
No. 7 Haiwan Road  
Xinhe Eco-Chemical Science  
and Technology Industry Base  
266717, Pingdu, Qingdao,  
China  
Phone: +86 (0) 532 68080185

Dallas Netherlands  
Cooperative U.A  
Eikenlaan 32  
2404 BR Alphen aan den  
Rijn, Netherlands  
Phone: +31 (0) 17282 0390

The Dallas Group of America, Inc.  
1402 Fabricon Boulevard  
Jeffersonville, IN 47130, USA  
Phone: +1 812-283-6675

**Dallas Australia Distribution:**

Phone: +61 419 813 831

**Emergency Telephone Number:** When calling, please provide Access Code 335693.

**SDS Date of Preparation:** Month: 9 Day: 23 Year: 2021

**Revision:** DGIJ-RG16-1001\_GHS\_SDS\_English\_rev2.4

## SECTION 2: HAZARDS IDENTIFICATION

**GHS Classification:** Not classified as a hazardous substance under the GHS, or U.S. OSHA 1910.1200, the EU CLP Regulation or WHMIS.

**Label Elements:** No labeling required

**Other Hazards:** None

This Safety Data Sheet has been provided for informational purposes only. Since this product is not classified as hazardous, according to 29CFR 1910.1200, the Canadian WHMIS regulation, the GHS and Article 31 of the REACH Regulation (EC) 1907/2006 there is no obligation to provide a SDS for this material.

## SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name      | CAS#      | EINECS#   | GHS Classification          | %   |
|--------------------|-----------|-----------|-----------------------------|-----|
| Magnesium Silicate | 1343-88-0 | 215-681-1 | Not classified as hazardous | 100 |

The specific identity and/or exact concentration has been withheld as a trade secret.

See Section 16 for further information on GHS Classification.

## SECTION 4: FIRST AID MEASURES

### Description of First Aid Measures

**Eye:** Flush with plenty of water. Obtain medical attention if irritation persists.

**Skin:** No first aid should be needed. Wash off with soap and water. Get medical attention if irritation develops.

**Inhalation:** If irritation develops, remove victim to fresh air. Get medical attention if irritation persists.

**Ingestion:** No first aid should be required. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if large amount is swallowed.

### Most Important symptoms and effects, both acute and delayed:

Poses little or no health hazard. May cause mild, mechanical (abrasive) irritation to the eyes, skin and respiratory tract.

**Indication of any immediate medical attention and special treatment needed:** None required.

## SECTION 5: FIRE FIGHTING MEASURES

### Extinguishing Media:

This material is not combustible and presents no fire hazard. Use any extinguishing media that is suitable for the surrounding fire.

### Specific Hazards Arising from the Chemical

**Unusual Fire and Explosion Hazards:** None.

**Hazardous Decomposition Products:** None.

### Special Protective Equipment and Precautions for Fire-Fighters:

None required. Use procedures and equipment appropriate for other materials in the fire area.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

### Personal Precautions, Protective Equipment and Emergency Procedures:

Wear appropriate protective equipment. Avoid creating and breathing dust.

### Environmental Precautions:

Avoid unintentional release to the environment.

### Methods and Material for Containment and Cleaning Up:

Sweep or vacuum spilled material; the use of a sweeping compound/dust suppressant is suggested. Dampening with water can reduce dust.

### Reference to Other Sections:

Refer to Section 8 for protective equipment. Refer to Section 13 for disposal guidance.

## SECTION 7: HANDLING AND STORAGE

### Precautions for Safe Handling:

Avoid contact with the eyes. Avoid creating and breathing dust.

### Conditions for Safe Storage, Including any Incompatibilities

Keep containers closed when not in use.

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### Exposure Limits:

| Chemical Name  | Exposure Limits  |
|--|--|
| Magnesium Silicate (as particulates not otherwise specified) | 5 mg/m <sup>3</sup> (respirable) TWA U.S. OSHA PEL<br>15 mg/m <sup>3</sup> (total) TWA U.S. OSHA PEL<br>10 mg/m <sup>3</sup> (respirable) Korean OEL |

Refer to local regulations for specific requirements.

### Exposure Controls:

**Engineering Controls:** Use with adequate general or local ventilation to minimize airborne exposures.

**Eye and Face:** Follow facility requirements. Safety glasses with side shields should be used if there is a potential for chemical to get into eyes. Dust goggles recommended for dusty conditions.

**Skin:** None required.

**Respiratory:** Not necessary if airborne workplace concentrations of chemical are below recommended limits. If the airborne exposure levels are excessive, a respirator approved by the local authority for the conditions of use (NIOSH in the U.S.) should be worn. Respirator selection and use should be based on contaminant type, form and concentration. Follow applicable regulations (OSHA 1910.134 in the U.S.) and standards (ANSI Z88.2 in the U.S.) and good Industrial Hygiene practice.

**Protective Clothing:** None required under normal use conditions.

**Work Hygienic Practices:** No special requirements.

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

|   |   |
|---|---|
| <b>Physical State:</b> Solid powder or slurry                 | <b>Appearance:</b> White powder or slurry                               |
| <b>Odor:</b> Odorless   | <b>Odor Threshold:</b> Not applicable                                   |
| <b>pH:</b> 7.0-10.8 (10% slurry)                              | <b>Relative Density:</b> 2.1-2.2  |
| <b>Boiling Point:</b> Not applicable                          | <b>Melting Point:</b> 1910°C (3470°F)                                   |
| <b>Vapor Pressure:</b> Not applicable                         | <b>Water Solubility:</b> 127-268 mg/L (expressed as total oxides) @30°C |
| <b>Vapor Density:</b> Not applicable                          | <b>Evaporation Rate:</b> Not applicable                                 |
| <b>Viscosity:</b> Not applicable                              | <b>Pour Point:</b> Not applicable                                       |
| <b>Flash Point:</b> None                                      | <b>Flammable Limits: LEL:</b> None                                      |
| <b>Autoignition Temperature:</b> None                         | <b>Flammable Limits: UEL:</b> None                                      |
| <b>Percent Volatile:</b> 0%                                   | <b>Flammability (solid/gas):</b> None                                   |
| <b>Partition Coefficient: n-octanol/water:</b> Not applicable | <b>Decomposition Temperature:</b> None                                  |
| <b>Explosive Properties:</b> None                             | <b>Oxidizing Properties:</b> None                                       |

## SECTION 10: STABILITY AND REACTIVITY

**Reactivity:** Not reactive

**Chemical Stability:** Stable under normal conditions.

**Possibility of Hazardous Reactions:** None known.

**Conditions to Avoid:** None known.

**Incompatible Materials:** Avoid contact with Strong acids and Hydrogen Fluoride.

**Hazardous Decomposition Products:** None

## SECTION 11: TOXICOLOGICAL INFORMATION

### Information on Toxicological Effects:

**Eye:** May cause temporary discomfort.

**Skin:** No hazardous effects expected.

**Skin Absorption:** No evidence of adverse effects from available information.

**Ingestion:** May cause gastrointestinal discomfort if ingested in large quantities.

**Inhalation:** No hazardous effects expected.

**Chronic Toxicity:** No adverse effects expected.

### Acute Toxicity Data:

LD50 oral rat >5000 mg/kg. LD50 dermal rabbit >2000 mg/kg (no adverse effects were observed at maximum dose). LC50 inhalation rat >20 mg/L/1 hour (no adverse effects were observed).

**Skin corrosion/irritation:** Not irritating to rabbit skin.

**Eye damage/irritation:** Not irritating to rabbit eyes (OECD 405).

**Skin Sensitization:** Not a skin sensitizer based on human experience.

**Respiratory Sensitization:** No data available. Not expected to be a respiratory sensitizer based on human experience.

**Germ Cell Mutagenicity:** Based on data from a supporting substance, this material is not expected to cause germ cell mutagenicity.

**Carcinogenicity:** This material is not listed as a potential carcinogen by IARC or EU CLP Annex VI. Based on data from similar materials, this material is not expected to increase the risk of cancer.

**Developmental / Reproductive Toxicity:** Based on data from similar materials, this material is not expected to cause adverse effects on reproduction or development.

**Specific Target Organ Toxicity (Single Exposure):** No adverse effects were observed in an acute inhalation toxicity study.

**Specific Target Organ Toxicity (Repeated Exposure):** Based on data from similar materials, this material is not expected to cause toxic effects on repeated exposure.

**SECTION 12: ECOLOGICAL INFORMATION**

**Toxicity:**

Based on test data for a similar substance, this material is not expected to be toxic to aquatic organisms.

**Persistence and Degradability:**

Biodegradation is not applicable for inorganic substances.

**Bioaccumulative Potential:**

Not expected to bioaccumulate.

**Mobility in Soil:**

No mobility in soil is expected.

**Other Adverse Effects:** None known

**SECTION 13: DISPOSAL INFORMATION**

**Waste Treatment Methods**

**Disposal Method:** In the form supplied, magnesium silicate is not classified as a hazardous waste in the U.S. or EU. Magnesium silicate may undergo normal non-hazardous waste disposal. Dispose in accordance with all local, state and federal regulations.

**Empty Container:** No special handling or disposal is required.

**General Comments:** It is the responsibility of the user of this product to characterize wastes generated to determine if the waste meets the definition of hazardous waste. The product uses, transformations, synthesis, mixtures, etc., may render the resulting end product subject to regulation. See Section 16 for additional information on filter cakes.

**SECTION 14: TRANSPORT INFORMATION**

|                  | UN Number | UN Proper Shipping Name | Transport Hazard Class(s) | Packing Group | Environmental Hazards |
|------------------|-----------|-------------------------|---------------------------|---------------|-----------------------|
| <b>US DOT</b>    | None      | Not regulated           | None                      | None          | Not applicable        |
| <b>IMDG</b>      | None      | Not regulated           | None                      | None          | Not applicable        |
| <b>IATA/ICAO</b> | None      | Not regulated           | None                      | None          | Not applicable        |

**Special Precautions for User:** None

**SECTION 15: REGULATORY INFORMATION**

**Safety, Health and Environment Regulations:**

**US Regulations:**

**EPA SARA 311/312 Hazard Classification:** Refer to Section 2 for OSHA Hazard Classification.

**EPA SARA 313:** This Product Contains the Following Chemicals Subject to Annual Release Reporting Requirements Under SARA Title III, Section 313 (40 CFR 372): None

**Protection Of Stratospheric Ozone:** This product is not known to contain or to have been manufactured with ozone depleting substances as defined in 40 CFR Part 82, Appendix A to Subpart A.

**CERCLA Section 103:** This product is not subject to CERCLA spill reporting requirements. Many states have more stringent release reporting requirements. Report spills when required under federal, state and local regulations.

**Korean Regulations:**

Occupations Industrial Safety And Health Act: Not listed

Chemical Substances Control Act: Not listed

Safety of Dangerous Substances Act: Not listed

Waste Control Act: Not listed

K-REACH: Please contact importer or supplier for K-REACH compliance information.

**Chemical Inventories:**

**US TSCA** All of the components of this material are listed on the Toxic Substances Control Act (TSCA) Chemical Substances Inventory or are exempt.

**Canadian CEPA:** All of the components are listed on the Canadian DSL or are exempt.

**EU EINECS:** All of the components are listed on the EINECS inventory or are exempt.

**Australia:** All of the components are listed on the AICS inventory or are exempt.

**China:** All the components are listed on the Chinese chemical inventory or are exempt.

**Philippines:** All the components are listed in the Philippine Inventory.

**New Zealand:** All of the components are listed on the New Zealand Inventory of Chemicals.

**Korea:** All of the components are listed on the Korean Existing Chemicals Inventory

**Japan:** All the components are listed on the Japan Inventory of existing chemicals.

## SECTION 16: OTHER INFORMATION

**Note:** In sufficient quantity, a filter cake composed of a flammable organic liquid absorbed on synthetic magnesium silicate or other filter materials such as diatomaceous earth, Perlite, or natural clays may be self-heating or possibly pyrophoric.

**SDS Date of Preparation:** Month:  9  Day:  23  Year:  2021

**Revision History:** Revised Sections 1,2,14 and 15
