

## Plate stacker, with 2 stacking tubes heated by circulating air

### Make

Manufacturer : HUPFER®  
Model : TEUH-2 / VC 19-26  
No of article: 0161590

### Dimensions

Width : 510 mm  
Depth: 960 mm  
Height: 900 mm

### Execution

### Structure

Solid self-supporting structure made from stainless steel.

### Characteristics

Plate stacker, heated by circulating air, to receive round plates, Ø 190 to 260 mm. Constant dispensing height by means of manually adjustable tension spring system. Adjustment of the size of the crockery without the necessity of tools, by means of three plastic-coated directions for each tube. Easy cleaning of the stacking pit from the top, each stacking platform additionally equipped with a cleaning aperture in the bottom plate.

### Heating

Heating by means of a stainless steel heater with integrated energy module for automatic recirculating air operation, optimum thermal isolation due to a high quality special insulation, additional lining by means of reflecting plates. Operation by means of a ON/OFF-switch with integrated control lamp. Infinitely adjustable and ergonomically shaped temperature control unit at the face side, visible at great distance. Inherently stable helix cable with angle plug, fastener for the plug as cone-shaped dummy socket.

### Ergonomics

Two ergonomically shaped pushing handles with integrated bumpers protecting against injuries at hands and damages at the appliance. Optimum protection against collision due to the two bumpers.

### Chassis

4 swivel castors, 2 of them with brake, castors made from corrosion resistant plastic, free of maintenance, with thread protection, precision ball bearing, Ø 125 mm, according to DIN 18867, part 8.

## Technical Data

Dimensions of crockery : Ø 190 to 260 mm  
Connected load : 2,0 kW  
Maximum crockery temp.: 100 °C  
Adjustment of thermostat: 20 °C to 130 °C  
Power supply: 230 V 1N AC 50 Hz  
Length of the connecting cable: 1800 mm  
Quantity of operating condition control lamp: 1

### Plastic cover, high version:

Material: polycarbonate,  
appropriate for dish  
washers

Stacking height without cover: 645 mm  
Stacking height with cover: 735 mm  
Capacity without cover: up to 144 parts  
Capacity with cover: up to 166 parts

Mark of conformity: GS  
CE-mark: approved  
Enclosure: IPX5  
Net weight of the appliance: 55 kg  
Load capacity: 140 kg
